

# For Further Reflection and Discussion

*Opener: What would be your ideal vacation?*

How did you encounter God at church this week?

Read Philippians 1:12-26. Why reasons does Paul have to rejoice?

What do these reasons reveal about Paul's purpose and focus?

What are some things you see the people around you living with as their purpose and focus?

- How might they react to difficult circumstances differently than Paul because of that different focus?

How did Paul's imprisonment give opportunities for Christ to be proclaimed?

How can hard times in our lives give opportunities for Christ to be proclaimed?

In what ways do you see partnership (between us and God and between us and others) talked about in this passage?

In what sense would Paul be delivered and not be ashamed if he ended up being executed for his faith (vv. 19-20)?

What do you think Paul meant when he said, "To live is Christ and to die is gain" (v. 21)?

To what extent do you think believers today could say and mean what Paul does in v. 23?

- If someone has a hard time saying and meaning this, why could that be?

How does Paul's perspective in these verses comfort you and challenge you as you think about your life situation?

How can we pray for one another?
